# About Company

ShutterIsland is considered as one of the leading companies in the field of supply and installing blinds .Its services are provided with the highest standards of quality and safety by a professional team equipped with the latest technologies in the market, with the aim of achieving customer satisfaction. The company has two branches and seeks to expand in Egypt and Africa.

ShutterIsland provides the best after-sales and maintenance services in the Middle East. It's distinguished by its experience and professionalism in manufacturing and installation, thanks to the presence of the most skilled engineers and technicians on its team. Shutterisland holds ISO9001 certificates for quality management and ISO10002 for quality and customer satisfaction.

In addition to obtaining a certificate from Somfy Expert.

## Our Mission

ShutterIsland Company is committed to providing shutters that comply with the highest European quality standards. It also seeks continuous development through a distinguished and highly experienced work team, while introducing the latest electronic shutter systems, out of the company's keenness to satisfy its customers.

## Our Vision

To be the leading company in manufacturing and installing shutter blinds in Egypt and Africa ,we achieve this through:

Offering high-quality products at competitive prices.

Focusing on customer service and satisfaction.

Continual innovation and development.
